

Carbon Dioxide: the Untapped Resource Surrounding Us

3 p.m. - 4 p.m. ET Wednesday, October 1
Free, but registration is required

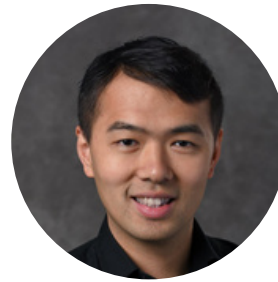

SHANG ZHAI

Assistant Professor,
Dept. of Mechanical and
Aerospace Engineering and
School of Earth Sciences

AUTUMN HAAGSMA

Director, Michigan
Geological Repository for
Research and Education

HONGTAO ZHONG

Assistant Professor,
Dept. of Mechanical
Engineering

STEPHEN MCCORD

Research Area Specialist
Lead, Global CO₂ Initiative,
College of Engineering

THE OHIO STATE UNIVERSITY

MICHIGAN STATE UNIVERSITY

UNIVERSITY OF MICHIGAN

In this webinar, you will learn about carbon capture and utilization:

- a basic explanation and overview,
- potential to deliver economic and sustainability benefits,
- what work is currently being done in the field,
- the opportunities it presents, and
- drawbacks, limitations, and barriers.

Register now

Brought to you by  **GLOBAL CO₂ INITIATIVE**
